Really well written book. I used it during a communications law class for my masters degree, and I really did learn a lot from it. I thought it was going to be a little confusing at first, seeing as though I didn't know much about law, but it was great.

It was required for class, but I actually enjoyed reading it. It was easily read and I liked the hypotheticals.

Book arrived well packaged and as described.

A textbook for class. But good info.
