It's been three LONG years since Jan Karon's last book and it's been a LONG wait. I fell in love with the Mitford series a few years ago and have been eagerly awaiting the release of this book. The first book in the Father Tim series introduced us to another side of everyone's favorite reverend as he discovers another side of his family he didn't know had existed. This book takes him and his wife to Ireland, the land of his ancestors, where Father Tim plans on trying to have a relaxing vacations but other circumstances arise changing his plans. I was really glad to see Cynthia reappear in this book. She was sadly missed in the previous volume and it was wonderful to see her again. I love her relationship with Father Tim as they have one of the most loving marriages I've seen written in literature. They love each other and get along but also have spats which make them realistic. I hope that when I'm in my golden age, my marriage will be like theirs. They have great chemistry together and I love reading about them. The story is rich in detail about Ireland, its culture and its people. I loved how the Irish people are shown speaking in dialect as it added cultural flavor to the story. The story is not filled with Irish stereotypes or cliches but instead added an international flavor to the story. While I did enjoy the story, there were parts of this book that just were not to my liking. One is while the presence of Cynthia is much appreciated, I really missed Mitford and its citizens. While

Father Tim is core to the story, the personalities of the townsfolk really add to the story with their zany antics and interesting backgrounds. I was excited to read emails from Dooley and Emma but it just wasn't enough. I miss all of them!
