I listened to these books on CD. They kept me from falling asleep at the wheel. I thought the plot dragged just a bit at times, but overall, they are good. And I say that in spite of the fact that they were out of order in the box, so I listened to the second one first. I liked this series pretty well, although it is hard to relate to people that rich. The reader for the three books did an excellent job.

DS books never go out of style. her plots are different, not always likable, however, enjoyable. Good read, excellent value, this collection are some of her older books. DS doesn't disappoint. DS doesn't disappoint.

My wife likes Danielle Steel's books, but so far she hasn't liked what she has heard of these novels. She got through half of the first novel and didn't like it. She has just started a 2nd and she is not showing a whole lot of interest.

All three stories where very well written and entertaining! Nice way to pass the time. I always enjoy Danielle Steel.
