absolutely love it.... some are good for toddlers, others for older children. I run a Catholic/Christian childcare and these are wonderful for teaching the children important realities and truths and some of the Gospel scriptures.

This is a most delightful collection of songs sung by women (religious and lay) with beautiful voices and great rhythm. Both you and your children will enjoy listening to this CD time and time again. What's really neat is to hear your children sing these songs on their own while playing - even when the CD isn't playing. Great songs and great lessons with free on-line content to go with it.

Healing Power of Spirit? This book has serviced to put some well-meaning people out of business. Please explain, Royal.
