Now you can increase your understanding and time in the Word like never before. This is the first Amplified Audio Bible. The complete New Testament is an accurate word-for-word reading in 20 digitally mastered CDs. Why Choose The Amplified Bible? The Bible was originally written in Hebrew, Aramaic and Greek. There are shades of meaning found in these original Bible texts that can't be captured in a straight translation. The Amplified Bible uses additional English words to convey the full meaning of Scripture. Through this amplification you gain a better and clearer understanding of the original Bible text. If you want to understand all the rich nuances and shades of meaning of the original Bible languages, the Amplified Bible is for you. No knowledge of Greek or Hebrew is required - just a desire to know all that God says in the Word. The Amplified Audio Bible is free of personal interpretation and is independent of denominational prejudice, it's easy to listen to and even easier to fully understand. No music or dramatization is used so you can listen to a clear unobstructed word-for-word reading.

Customer Reviews

I have just started listening to this set, and I really like the reader's voice and intonation. I especially

like that each track contains one chapter of the book so it's easy to manage where you need to begin.

I can't say I "hate it," since it is the Bible we are talking about here, but... As much as I want to hear the Word, the voice is so distracting, I can't follow or "take in" the words being spoken. It's a very deep baritone voice, and rather monotone. Had hoped to use this in the car, but I'll need to find another option. Would've returned it, but I missed the 30 day window.

I could not be happier with this set of audio cd's. They came in original packaging within 2 days of ordering. Each cd is in it's own cardboard sleeve for protection...The sound quality is perfect. The reader flows really well... I have seen this advertised for up to 60 bucks so I am so glad I found it here, I even bought a copy for a friend. The only thing I wish was that there was an option to buy the Old Testament too :(I have a 5 year old that I homeschool, so it is awesome to just pop in some headphones and listen while I clean, cook or whatever.... You will not be disappointed if you purchase this set!!!

THis is a great tool to have and listen to i enjoy listing to this and reading along in my bible with it from time to time, i also watched it to the gospel of john DVD movie & it goes right along with it...!!! it's totally mind boggling...!!! Great to lie back relax in bed & listen and learn GODS incredible words & teachings...AMEN ;)

Arrived prior to scheduled date. Narration is well spoken and pulls you into the subject matter. Listen as I go to work and on trips. Great to listen to after reading chapters in the amplified bible because it is spoken word for word.

I really enjoy listening to the cd's on the Amplified Bible, I listen to them almost every day. They are well worth the cost. They expand the word makes it easier to understand.

I use this wonderful tool every time we travel on long trips and even when I just go short distance's around town. Amazing how much you can be encouraged by the Word of God!

There are better versions for free MP3 on - NRS New Testament - New Revised Standard Version is easy to listen to. The only down side might be if you wanted it in a CD format.
