Open Season

Synopsis

She's hunting for a mate... and there's no more playing it safe. Daisy Minor is bored. Worse than that, she's boring. A plain, small-town librarian, she's got a wardrobe as sexy as a dictionary and hasn't been on a date in years. She's never even had a lukewarm love affair, let alone a hot one. So when she wakes up on her thirty-fourth birthday and wonders how it is that she still lives with her widowed mom and spinster aunt while her friends have all gotten married and started families, she decides it's time to get a life -- and a sex life. And as far as she can tell, good girls don't attract nearly as many men as bad ones. One makeover later, Daisy has transformed herself into a party girl extraordinaire. She's dancing the night away at clubs, and laughing and flirting with men for the first time in, well, forever. With a new lease on her own place, it's open season for manhunting. But on her way home late one night, Daisy sees something she's not supposed to see. Suddenly the target of a killer, she's forced to put her manhunt on hold. But the very moment she stops looking might be the moment she finds what she's wanted all along. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

If you're a fan of Linda Howard's (and if you're not, you should be), you will find "Open Season" to be a satisfying read even though it doesn't offer anything new. In fact, I thought this book was VERY similar to Howard's "Dream Man" without the psychic elements. But hey, "Dream Man" was a great book, so a repeat isn't completely uncalled for. The core story is about a small-town librarian, Daisy Minor, who wakes up on her 34th birthday and realizes that her hair is boring, her clothes are

boring, her job is boring, she's boring. Not to mention lonely. Daisy decides that if she doesn't want to spend her life alone, she needs to get busy, and the fastest way to get results is to do a complete make-over into a "party" girl. Sure enough, there is a beautiful, sexy woman under all her frownsiness. Before she even starts her transformation, she butts heads with the new police chief, Jack Russo, an apparent fish-out-of-water Yankee in this sleepy southern berg. He's big, he's intimidating, he's rude. He's also very sexy . As Daisy ventures out to strut her new stuff at the local bars, he becomes concerned that she's way too naive to realize when she's attracted the wrong kind of attention. Daisy wants him to get out of her way so she can continue her man hunt. Dane - I mean Jack - decides that he needs to stick close for her own protection. Then he decides that he just needs to stick close. Somewhere along the way there's a crime to solve and Daisy becomes a target for bad guys. Which means, of course, that Daisy and Jack need to have some hot love scenes. Howard's unique style and humor are evident throughout the book.
