Book 11 in the Left Behind series. When I began reading this book, I was a little hazy on what had happened in the previous books. I still remembered the major events, but some minor events of importance I was lost on. I didn't remember a couple of the characters (ones that had been recently introduced). After 50 pages I remembered what I needed to and the context filled me in on the rest and the story started to really get going. I've noticed complaints about the actions of some characters. The only one who I think acted out of character was Chloe. Her actions at the beginning of the book were both stupid, and I think a little out of character. It served the plot, though, so we can gloss over it. There were some surprises in character action near the end, but these were explained well enough that I don't feel as if they were misplaced. The usual complaints about the series apply to this book. The quality of writing is not that great, I still have problems with naming one of the primary characters "Buck", and much of the books seem to be heavy handed. However, when I'm reading the book I forget all about that and I can't put it down. There is something incredibly compelling about the Left Behind series. Maybe it is seeing God take such a prominent role in a popular novel. Maybe it is just how quickly and easily the series reads, but there is

something about it that makes me want to keep reading and gets me involved in the story. Maybe it is God working through these books, if such a thing is possible. The story begins late in the Tribulation. A plague of darkness and pain is on the city of New Babylon, the capitol of the Anti-Christ, Nicolae Carpathia.
