An extremely useful reference. Even now, 2 years old, it contains a lot of valuable references and insights. Written at the cursory 30,000 foot level, it will point you in the right direction, but cannot cover it all in detail.

I like the way this book is presented. I think it helps to have the bright minds of two authors on it. They present this in a very clear, easy to understand format. I highly recommend this book.

coverage is good but I would have liked to see more attention to documenting the fulfillment of restricted grants and donations.
