Customer Reviews

This was SO helpful for me. It was my first year doing my own taxes for my home childcare program and this walked me right through it... I highly recommend this for any home childcare providers. Even if someone else prepares your taxes this is very helpful as a lot of tax preparers aren't familiar with this field. I love Tom Copeland's blog as a resource but this was one of the first purchases I made. My local childcare association gave me Red Leaf's calendar keeper though, and that was also VERY helpful to me when tax time came.

This was a higher help in preparing my taxes. It is broken down into easy to follow parts that line up with the yearly calendar Tom Copeland sells. I have recommended this as well as other pf his products to friends in the daycare business.

I never do my home daycare taxes without Tom Copeland's Tax workbook!!! He is THE expert in daycare taxes!!! Saves me a lot of money every year. Well written, easy to follow and understand.

This book combined with record keeping guide is all I needed to figure out my home daycare taxes, easy to understand. Love the way everything is broken down step by step.
