Overall impression is good. However, I noticed quite a few errors such as incorrect use of verbs (e.g. 'kushat' instead of 'est' -- to eat), stylistic discrepancies used for the sake of preserving rhymes. It would be much more beneficial for the whole idea of foreign language teaching if native Russian speakers (not immigrants) were recorded. (For example, children spoke with an obvious intonational accent.)

Overall I like the songs. My eleven-year-old son and two-year-old niece enjoy it too. Hearing it in my car just 20 minutes a day really does help with remembering declensions. I'm wondering why they have so many English/American songs. It would be preferable to have more Russian songs to get to know the culture better. Maybe "Teach Me Russian Three" could incorporate them?

I expected more out of the books and the CDs. The books are nice but short on content. The recordings are low quality. The children are not native speakers, they speak with accents and

simply read the phrases in a monotone voice. The English singer is great, but the Russian singer is trying way too hard and it is impossible to make the words she is singing (which is the whole point of the CD). The idea behind the books and CDs is brilliant, translations of the songs are great, but the rest of the package needs more work.
