Customer Reviews

I am very unhappy with this book. I've only gotten to Chapter 8 and the information about the book is incorrect, and the main character's name is wrong. The book so far is about a women named Emma married to a man named Noah who abuses her and is horribly murdered. Emma is a suspect. This is not a book about someone named Eva meeting a "shy Noah" that is suspected of murdering an Amish girl or Eva "wanting to explore outside her community". I want to apologize for the spoilers - however I will complete the book. I hope he other books are better. The proofreading

was atrocious an the intro to the book is very "wrong".

Such a great story about abuse. It effects everyone regardless of race and religion. Story very well told. Two thumbs up

This book was poorly written with many misspellings and tense changes. It should have been proof read before it was ever published. If the author learns basic writing skills she may become good.

great
