Grade Level: 6 - 8

Customer Reviews

This was a required book for my son's 8th grade history class. He lost his original and we were very happy to find it on at significantly lower price than we could replace it through the school. It is a very good text book, very inviting and thorough.

GREAT textbook! The teacher's edition is helpful related to home schooling eighth grade students with this textbook. Outstanding graphics and explanation make history come alive!

Good condition school book for school for second household.
